## WHAT IS THE NEW JERSEY HALL OF FAME?

The Foundation for New Jersey Hall of Fame (NJHOF) is a non-profit organization honoring citizens who have made invaluable contributions to society, the State of New Jersey, and the world beyond. Since 2008, the NJHOF has hosted nine ceremonies for over 125 notable individuals and groups in recognition of their induction into the Hall of Fame. The NJHOF endeavors to present school children with significant and impactful role models to show that they can, and should, strive for excellence. Outreach through the New Jersey Hall of Fame Mobile Museum, designed by architect Michael Graves, has attracted over 300,000 visitors.

## CHARITABLE MISSION

Proceeds from the event will be dedicated to the ongoing operation of the Hall of Fame's Mobile Museum and the NJ Hall of Fame educational initiatives. Designed by NJ Hall of Fame, award-winning architect Michael Graves, the Mobile Museum has had over 300,000 visitors. The Mobile Museum serves to educate our citizens and especially our school children with interactive exhibits about the lives and lessons from our Hall of Famers. The third annual NJHOF Arête Scholarship will award two high school seniors who exemplify the meaning of Arête and distinguish themselves as New Jerseyans who are on their way to realizing their dreams.
